

## *Feudalism*

*The Parliament (le Parlement) and the Administration of Justice (l'administration de la justice) of traveling courts settling disputes in France from capital Paris clockwise around jurisdictions back unto Paris originated in medieval feudal France by French King Hugh "hue" Capet. French King Hugh Capet was the hue of medieval feudal France. Feudalism in the world knew best administration and royal augmentation under the Capetian Dynasty; feif, feifdom, vassal, scutage, serf. England then copied and surpassed France with land subinfeudation, borrowing hue. The colloquialism, euphemism, idiom use it or lose it originated from the medieval world meaning use your right to rule or lose your right to rule which was the directive to feudal lords who maintained and managed regional defence and food which land England better subinfeudated.*
