To make amends is a requirement by law which State Justice terms is restitution which provides victims compensation (money/counselling) and requires criminals to pay (debt/punishment) which is from Anglicized word suffixes fer/pher from Hebrew words Sefer/Sepher and Safar/Saphar. Western Government should support victims properly instead of pampering criminals; current laws and various pieces of legislation does not provide victims sufficient means of restitution because needed restorative action of law enforcement is services as educational institutions. Support should form semblance and solidarity from merely existing through to actually living from assisting victims by enabling healing but services often only put the onus back on clients because counsellors are usually on uneducated guilt and ego trips of inferiority complexes. The most common tinnitus symptom is a ringing sound which usually goes away so people are not concerned but a less common tinnitus symptom is a buzzing sound usually from industrial work or more commonly music nowadays which does not go away and which is as annoying as gossiping. The word justice is in the Jewish Old Testament, but the word justice is not in the New Testament of Jesus Christ. NSW Justice Identifies two Categories of Injury, Physical Injury and Psychological Injury, but Psychological World Culture only affirms Money and Suicide Prevention. English command has lost its tradition and priority because Government System is Cryptologic and systemic and so general communication achieves negative outcomes because the people are not educated properly and succumb to meaningless conflict instead of being humane human beings.
