

## Psychology or Philosophy, a Science or Neuroscience

Character is a Current Literary Term; however, Accent at NSW Justice Precinct has become Barbarism Culture Style which Forgoes Australian Nobel Peace Prize of the Neuroscience Cultural World and Self Identity Crisis of Sociocultural Theory by German-American Erik Erikson for All. We are not ready for Artificial Intelligence (AI) because Current System Configurations are Offset by Babylonic Sexagesimal Coordinations of Limited Naturistic Enlightenment Perception Inversions which Forgoes Accepting the Science of Compartmentalisation Computation Calculation. Differences Cause Differentiation and yet sometimes Division; Scotland is the WALK-THE-PLANK Phosphene on English Language and Literature, however, Scottish Cluster-Piping of English Creole is either Fit for Royal Family Duke Intelligence or Stored Procedure for Cryptic Disaster!

## *Psychology or Philosophy, a Science or Neuroscience*
