

## Judgement and Judgment

I was in the Maritime Trade Towers, Sydney, Australia at the time of the 9/11 attack; on TV, people throwing themselves out of buildings, all live on tele beside a chocolate vending machine stuck and shook to hit the jackpot to ease the pain and that is not the blueprint to life. Judgement is the title case or subject of judgment the verb or subjugation; Proverbs states the LORD adds no sorrow with blessing however there is Jobianic poetic and Isianic prophetic distinction between LORD and Lord; unbelievers is different to disbelievers who are backbiters. Judgement is the title case or subject of judgment the verb or subjugation; Proverbs states the Lord adds no sorrow with blessing however there is Jobianic poetic and Isianic prophetic distinction between LORD and Lord; unbelievers is different to disbelievers who are backbiters!
