

Vets and Security

Australian vet care for many who are or were men of combat, fighting and stamina is strangely headed up by woman leadership and yet Australian Government provides its military personnel from at least twenty years of service excellent benefits or for others most generous pittance. Regarding Vaccination Administration, Defence Forces must Remain Strictly Private and Confidential in Keeping with their Modus Operandi Code of Ethics and Duty of Care as we do not want every Man and his Dog rocking up the the Australian Defence Force and not even the Cat's Meow. There Needs to Be Uniform System Standardisation of Codification and Validation First Before Surveillance Can Be Trusted Security as Currently Many Recognised Devices Error When Put to Even Government Portals and Police Fanfare Is Phone Numbers Can Not Be Reported Without E-mail!
