

Birds of a Feather

Dictionary Definition of Western is Historically and Culturally English England and America The Americas yet Crests of Heraldry and Flags aside while America and India are Brother Countries to England Insular Australia and very Insular New Zealand are Sister Countries to America. Australians often flock out as galahs and drongos and birds of other prey who usually pick at and vulture their own people of an ancient-only-lingo gossiping-not-law nonsense culture of Aussies as the hare while the rest of most of the world is for most part plod as the tortoise. Australians were once renowned for polite propriety tradition of gentlemen and gentlewomen ensample and example of meadows and manors and lodges and manners so Australia's way back to hospitable repute and honourable refuge might be to reinstate the Sydney Glaciarium and Waltons!
